ORIENT

| ABOUT

Orient Ceramica is a part of Orient Group of Companies which trails a legacy of 60 years of innovation, quality and an extensive journey to excellence. We have established a state-of-the-art Italian production facility to introduce European standard Grés Porcelain tiles for Pakistani market.

Orient Ceramica is a premium brand which has established itself as the most trusted provider of an affluent lifestyle in Pakistan. Our Grés Porcelain tiles are welcomed in a broad range of interior settings due to the unique versatility in application. Available in a wide range of sizes, colors, textures and finishes to beautify mundane and ordinary spaces and turn them into extra-ordinary interiors.

| WHY ORIENT CERAMICA?

Orient Ceramica has established a state-of-the-art Italian manufacturing plant, introducing Grés Porcelain tiles fired in Pakistan's most advanced Maestro Kiln. Our designs are printed through the Multi-Resolution technology to provide our customers with natural finishes.

Our Grés Porcelain tiles are cut with Squadra Dry technology to ensure that each tile has an identical size. We are also introducing Supershine which is a mirror-polish finish technology.

TECHNOLOGIES

Grès Porcelain "The Ultimate Tile Body" forms the backbone of all our premium tiles to guarantee durability, longevity and a strong foundation for the structure they set up. This is a part of our Bisque Technology which ensures highly restricted permeability for all kinds of fluids which ensures stain free surface.

MAESTRO
KILN TECHNOLOGY

The Maestro Kiln ensures edge to edge homogeneous temperature equipped with an innovative heat and air management system eliminating most common tile defects like body corrosion, black core, crackles, caliber, tone and planarity.

MULTI
RESOLUTION
PRINTING

Multi-Resolution Printing Technology optimizes the finest level of printing colors while using ITC (Internal Tone Compensation) technology ensuring best processing of multi-layer images and high definition digital printing giving natural impressions on tile surfaces.

The waterless cutting of tiles, Squadra Dry Technology does not form any moisture in the tiles and it prevents tiles from soaking or wearing off, making the calibration process highly precise and functional. Providing you with the sustainable & eco-friendly approach in the development of hygienic and superlative rooms.

PURO
ANTIBACTERIAL

Puro is the latest Antibacterial technology for Grés Porcelain surfaces, developed to eliminate 99.99% bacteria, fungi and other harmful microorganisms. The action of Puro Antibacterial Technology remains active for the entire life cycle of the surfaces.

SURFACES / FINISHES

SUPERSHINE

MODERN ENVIRONMENTAL FRIENDLY POLISHING METHOD
ENSURING SCRATCH FREE AND ANTIBACTERIAL FINISH.

BODY PLUS

HOMOGENEOUS TILES, ALSO CALLED FULL BODY TILES OR THROUGH-BODY TILES, IS A TYPE OF SPECIAL UNGLAZED TILES WHOSE SURFACE COLOR IS THE SAME AS THE ENTIRE TILE.

ROCKER EFFECT

CARVED TEXTURE ON SURFACES CREATED THROUGH SPECIAL CERAMIC MATERIALS AS TO GIVE NATURAL MARBLE OR STONE LOOK.

Sustainable Management System Inc.
Certificate of Registration

This is to certify that, the
Management Systems of
Orient Material Private Limited

Plot # 354, FIEDMC Industrial Area
Near M3 - Sahianwala Interchange, Faisalabad, Pakistan
has been assessed and registered against the provision of

ISO 9001:2015
Quality Management Systems
for the following scope

Manufacturer, Supplier & Exporter
of Porcelain Floor Tiles

Initial Issue Date : 30-Mar-23
Current Issue Date : 30-Mar-23
Valid Till : 29-Mar-24
1st Surveillance Due Date : 29-Feb-24
2nd Surveillance Due Date : 28-Feb-25

Registration Number : SMS-2022294
Certificate Number : SMS-MSC-22394
EA Code : 28
Exclusion : 8.3
Issue No : 01

Approved By:

President & CEO

This is an accredited certificate authorized for issue by Accreditation Service for Certifying Bodies LLC who has assessed Sustainable Management System Inc. against defined criteria and in cognizance of ISO 17021:2015 'Conformity Assessment - Requirements for bodies providing audit and certification of management systems. This certificate is only valid when confirmed by the register listed in the International Register of Quality Assessed Organizations and Sustainable Management System Inc.
